

# Composed Meal Options

A Composed Meal is a new offering from Main Street Bakery and Catering. In an effort to save our client's money and avoid excess food waste, we highly recommend considering a composed meal option, instead of the traditional two entrée options with the additional sides. A composed meal is where your entrée and sides all act as one dish. Below are a few examples of composed meals, and upon request we can create a composed meal to fit your needs. Composed Meals are a great option for rehearsal dinners, or smaller gatherings.
